## Summary

Flexible and experienced computer student who is interested in leveraging his skill to build scalable and responsive webpage. Looking for a role to help me grow.am also a student whose hobbies involve photography and playing sport

**Tech:** React | JavaScript | HTML | Sql | CSS | Agile scrum experience | Kibana | GraphQL | Java microservices | Git

## Projects

### Kennys Studios - [Link to site](#)

- Developed a dynamic and visually stunning photography portfolio page using ReactJS, showcasing the photographer's diverse body of work. Implemented an intuitive user interface to ensure seamless navigation, allowing potential clients and viewers to easily explore and appreciate the photographer's portfolio.

**Tech:** React js, swiper js, email js, TailwindCss

### Refactoring - Estee Lauder

- Successfully refactored a complex React class component file into a modern functional component, leveraging React hooks and functional programming paradigms, resulting in improved code maintainability and readability.
- Ensured seamless integration of existing functionalities and data flows into the new functional component, performing thorough testing to validate that the behavior of the application remained consistent after the migration.

**Tech:** React.js, Sql, GraphQL, Kibana

### Resume Maker- [Link to code](#).

- Converted a code from js to React that makes you build a resume by collecting all your information and handling it with object state while keeping the responsiveness and scalability of the website and utilizing the use of reusable components .

**Tech:** React.js, CSS

### Poki api- [Link to code](#).

- Utilized the PokeAPI to fetch and display information for up to 200 Pokemon, implementing dynamic content rendering and color-coding based on Pokemon types.

**Tech:** HTML, CSS , JS

## Experience

### Software Developer Fellowship

TKH

09/2023 - Present

- Enhance skills in HTML, CSS, JavaScript, Reactjs and UX/UI design in a competitive, project-based summer fellowship with 100+ hour of technology and professional development instruction
- Participate in workshops on job interviews and mentorship that include weekly engagements with tech professionals

### Software developer intern

Estee Lauder

02/2023 - 07/2023

- Refactored the legacy class component into a modern functional component, effectively updating and optimizing the codebase.
- Dedicately learning new programming languages, such as Java, and SQL, by investing at least 5 hours a week in online courses and hands-on practice.
- Proficiently building complex software projects using advanced technologies like React.js, kibana , Sql with a focus on scalability, resulting in at least a 20% increase in project efficiency.
- Adhering to the Agile scrum framework, wherein a collection of user stories from the product backlog underwent a prioritization process for implementation within a structured four-week sprint cycle, followed by an additional two-week phase dedicated to GxP testing in according with regulatory requirements and a release in every 6 weeks

### Customer service representative

U-HAUL

07/2021 - 01/2022

- Managed a high-volume of incoming customer calls as a Phone Customer Service Representative at U-Haul, adeptly addressing rental inquiries, providing guidance on truck and equipment options, and assisting with reservation adjustments to ensure a seamless moving experience.
- Effectively utilized U-Haul's proprietary systems to track and update customer reservations, accurately process payments, and coordinate logistics, resulting in a significant reduction in booking errors and an increase in overall customer satisfaction.

## Education

### Computer science

Essex County College

Newark ,Nj

### Software development

YearUp

Broad Street,NY

- Accruing 200+ hours of hands-on training in Software Development as part of a one year career development program that includes six months of college-level courses and professional training followed by a six-month internship
- Served as Operations Manager and managed the room set up, facilitated welcome, overview, and action items.
